

ONTARIOPOWER GENERATION

GENERATE a future of possibilities

COUNSEL

As one of North America's leading electricity producers, Ontario Power Generation (OPG) offers challenging opportunities and career diversity in a work environment where safety is a fundamental value - and where you can realize your personal and professional goals.

OPG is seeking a lawyer with expertise in Indigenous and regulatory law matters to join its team as **Counsel**. Reporting to the AGC, the successful candidate will provide advice and representation across Indigenous, regulatory, and litigation matters and be able to provide practical advice on risk management issues. This role will suit an adaptable lawyer with strong research skills who is able to balance legal and business needs.

The ideal candidate will have **3 to 5 years** of relevant experience and, ideally, experience advising clients in highly regulated industries. The successful candidate will have excellent communication and drafting skills, and exposure to energy, environmental assessment, and construction law matters will be considered an asset. This is an exceptional opportunity to join a supportive team and work on interesting and complex matters.

For more information or to apply, please contact Louise Woolcombe at louise@hellergroup.ca

As this is an exclusive assignment with The Heller Group, all inquiries and applications sent directly to OPG will be redirected to The Heller Group.
